2016

Our Mission is to foster learning through a collaborative process that engages students, educators, and the community. This endeavor provides opportunities for students to acquire knowledge and to develop skills in order to achieve academic and personal goals. We will make every effort to graduate all students as successful and literate members of society -- and be able to succeed in the increasingly complex world in which they will live and work.

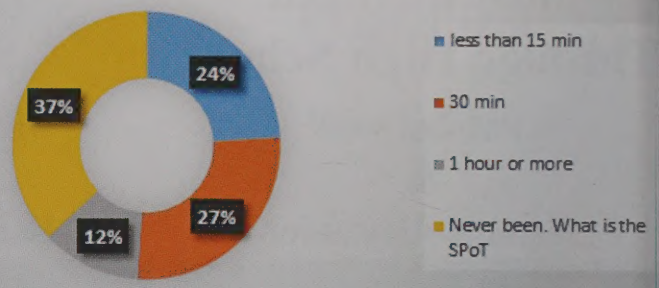
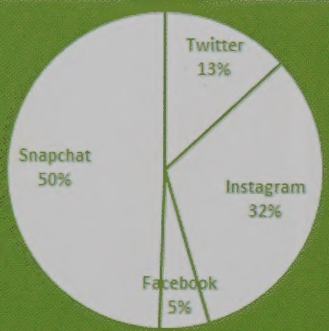
"Freshman year I sat in the locker room for 3 hours playing Tetris on my phone while waiting for my mom to come because I was too embarrassed to stand outside... it's more sad than embarrassing."
- Tess Lancaster

How long have you waited in line at SPoT?



Which social media platform do you use the most?



What do you regret most?

"Not using my imagination at full potential and not getting a sandwich from the sandwich bar in the cafeteria." - Rich Meneide

"Mr. Kim would randomly always do a dance called "the butterfly" during class where no one would notice but me! And on top of that he would still keep going as I would look at him."
- Erifili Sfakianakis

The Speech & Debate Team grew in numbers this year; fifty-three members competed and many broke into final rounds. The team started off the year with a fifth place finish out of seventeen schools at the first tournament at Dighton-Rehoboth High School. Another impressive finish occurred when the team placed seventh out of forty schools at the Newton-South High School Winter Festival. Later in the year, the team placed eighth out of fifty-two schools at the Shrewsbury High School Mardi-Gras Festival. Many students qualified and competed at the state debate tournament on April 2nd at Chelmsford High School and at the state speech tournament on April 9th at Acton-Boxborough High School. Senior Tess Lancaster qualified again for Nationals and competed in Oral Interpretation at the Grand National Tournament in Sacramento, California Memorial Day weekend. "I was very pleased going 3-3 in what turned out to be the best conference in the State. We finished 6th at the Division 3 Meet just missing our goal of a top 5 finish. Replacing 11 seniors who have contributed to a lot of our success will be tough but many underclassmen gained valuable experience this year."

We had five starting freshman on varsity my freshman year, and due to our lack of experience, we weren't able to get many wins. Class of 2016 Graduation Ceremony

"Before we commence our real lives, I ask one thing of you all: remember that there is no single track to happiness; happiness comes from your choices, and your choices only. Society may have pushed you to think that the only route to success is going to college for 4 years, getting a steady job, and eventually settling down with a spouse, two children, and a dog in white picketfenced suburbia. But happiness isn't doing what somebody else tells you to, or following what's traditionally done—happiness is doing what's best for you, blazing a trail for yourself, finding your unique place in this beautifully strange universe. And looking out at you, Class of 2016, I know you will do just that since so many of you are already setting out on your own unique paths when we part ways."

A Fond Farewell...

Walpole High School would like to thank Mrs. Joanne Sprague and Mrs. Karen Sullivan for their dedication to the students of Walpole. Their talent & enthusiasm will be greatly missed. All the best in your journey from here!

CLASS OF 2016:

"As the saying goes, 'we don't remember days; we remember moments.' I remember each first day of school, and each last; I remember elementary school birthday parties, field days, and the 5th grade Invention Convention; I remember playing pickle in my neighbor's backyard on summer nights; I have memories of field trips to museums, when we walked the Freedom Trail in the pouring rain, the week of Alton Jones, and even every music concert; I remember that time half way through Freshman year when I went to the wrong lunch and was late to English; I remember each new skill I accomplished at gymnastics practice; I remember getting my driver's license and the moment my dad threw me his keys and told me to be careful. At one college interview, I was asked to talk about a memory or event that described our high school, and I told him about that Natick football game our junior year because that night truly demonstrated to me what it means to be a Rebel. I tried to describe that sense of pride, unity, and excitement, making that game an experience I'll never forget...

So take time to remember those lunches in the cafeteria with friends, late nights cramming for tests, waiting for the calls announcing snow days (and whether graduation would be outside), and that feeling of joy when there was a sub in class. Remember the stories from those days spent with your family, the nights driving around with friends just listening to music, the Friday night football games, and throwing flour in the stands when the Rebels scored. Remember spending freshman nights at the pits, eating with friends at Rico's and ice cream at Bubbling Brook, running at Adams Farm, and going to every country concert at Xfinity. And don't forget the beach days, the spontaneous cape trips, and those moments you caught yourself smiling and hoping they would never end. Remember that emotional last home game, seeing your movie play at the Film Fest, trying to stalk your target during senior assassins, taking pictures with your best friends before prom, and the bittersweet feeling regarding the end of senior year.

Remember these moments, because after today, these are the memories we will have of this school, this town, and our childhoods: these are the experiences we will tell our new friends at school and look back on for years to come; and these are the "when I was a kid" stories that our children will get tired of hearing, but we will never get tired of telling."
